

## Getting Started With AGOL

GIS Colorado Winter Training Workshop

Presented by Allpoints GIS

Thursday January 27, 2022 9:00am -3:00pm

Salida, Colorado

### Introductions / Welcome!

#### AGOL Basics

What is AGOL? How does it work?

Different ways to get data up on AGOL

*Exercise1: Upload data to AGOL*

Living Atlas – great source of authoritative data in AGOL

Locating and using existing data in your organization

Content management in AGOL

Sharing in AGOL

Groups in AGOL

Best practices

*Ex2: Organize and Share data in AGOL*

#### Web Maps

Creating web maps in AGOL

Working with web maps in AGOL

*Ex3: Create a web-map*

#### Lunch Break

**Open Office Hours Session** – After lunch we'll open it up and help you answer your questions and work through your challenges.

**Homework: Please come to class with at least one question or problem you're facing or task you'd like to accomplish using online GIS.**

We will work through issues and questions together as a group, with plenty of expert advice from the instructor and members of the GISCO board.
